Regarding Decreasing the number of French Rafale Military planes being purchased by India (in April 2025) and Changing it to Russian Strategic Nuclear bomber - Tupolev Tu-160 (Heaviest , Largest and Fastest Strategic Nuclear Bomber in the world) - Paramount consideration matter.

When in war Enemy is to be Finished - More or less oil / money makes no Difference - Only Difference is Victory or Defeat and Destruction of the Enemy.

Russian Tu-160 - is the Heaviest , Largest and Fastest Strategic (Nuclear) Bomber in the world.

Russian Tupolev Tu-160 - is the King of all Military planes.

It can carry Bombs / Missiles of 88,000 pounds and can deliver of Conventional, Precision and Nuclear Munitions / Missiles.

Russian Tupolev Tu-160 primary function is to serve as a Long-range Missile carrier, capable of launching devastating missile attacks - from outside of enemy defenses.

Whereas in India Puny / Tiny / Weakling Rafale plane is being ordered - All Rafale are being ordered - News of 10 April 2025.

Not even 1 piece of Russian Tu-160 - Heaviest , Largest and Fastest Strategic (Nuclear) Bomber is being Considered or Purchased in India.

Information Sought :

Rafale purchase in 2025 - will make India a weak power.

With Russian Tu-160 purchase India will be in Total league of Superpower.

Even if Russian Tu-160 is costlier and takes more oil to fly , India cannot be always be a Weak power with Substandard purchase.

All the Enemies of India will be Terrorized when Russian Tupolev Tu-160 (Heaviest , Largest and Fastest Strategic Nuclear Bomber) is purchased by India , Whereas the Puny / tiny / weakling Rafale purchase - will make India a weak power.

Also most Important point , Russia can even transfer (up to 100 percent full technology) of Tupolev Tu-160 , as Hon. PM Narendra Modi is greatest friend of Russia.

I therefore request to immediately decrease the number of Rafale being purchased and change it to Russian Strategic Nuclear bomber Tupolev Tu-160.

With Regards
Yours Truly
Ashish Shankar

Kindly note 1 -

All the Enemies of India will be Scared / Terrorized with the Arrival of Tu-160 Strategic Nuclear bomber , Whereas the Weakling / weak French Rafale arrival in India will not make much difference.

Kindly note 2 -

1. Attached photo of Russian Tupolev Tu-160 (Heaviest , Largest and Fastest Strategic (Nuclear) Bomber - Page 1.

2. News Article of Weakling / weak Rafale purchase by India - Page 2 (Tragic news of 10 April 2025).

Kindly note 3 -

Russia is greatest and permanent friend of India - it might provide Strategic (Nuclear) Bomber Tu-160 at the same / similar price of French Rafale on discussion by Hon. PM Modi.

The work that ISRO , DRDO, and Hindustan Aeronautics could not accomplish in 75 years,
I have completed in just 2 months.

India currently does not have a single fifth-generation fighter aircraft.

ISRO, DRDO, and Hindustan Aeronautics have not been able to create best fighter aircraft -
Neither developed the best fighter aircraft , nor developed its technology.

Russia is ready to be provide - The world best and latest fighter aircraft, the Fifth generation
Russian Su-57 (with complete technology transfer) - which India could not achieve in the last 75 years.

2.

Additionally, Russia is also ready to provide the S-500 Missile defense system (with full technology transfer) - world best system.
